

## Changes in *LC-PCC Policy Statements* in the February 2015 release of the *RDA Toolkit*

This list identifies the changes in the LC-PCC Policy Statements in the February 2015 release of the RDA Toolkit.

**Note:** Although the LC-PCC PSs have generally been in alignment with the requirements and practices for textual monograph recorded in the PCC BIBCO Standard Record (BSR), the subsequent additions to the BSR for rare materials and non-book formats are now being added to the LC-PCC PSs. Likewise, requirements and practices from the PCC CONSER Standard Records (CSR) are also being added. Most of the LC-PCC PSs in this release are due to this reconciliation and generally do not represent “new” practices. A few remaining BSR/CSR issues will be resolved in a subsequent release.
